

DFG funded Research Training Group 2485
**Virus detection, pathogenesis and
intervention (VIPER)**
presents

First
VIPER Symposium on Virus Research

07 – 08 February 2022, Online event

Monday, 07.02.2022

9.30 am: Welcome by
Prof. Baumgärtner

9.45 am – 12.00 pm:
Session 1, Emerging viruses

12.30 pm – 3.45 pm:
Session 2, COVID-19

3.45 pm – 4.30 pm:
Poster Session I

Tuesday, 08.02.2022

8.30 am – 10.00 am:
Session 3, Viruses with
pandemic potential

10.15 am – 12.00 pm:
Session 4, Animal
pathogens

12.00 pm – 12.45 pm:
Poster Session II

Speakers:

Martin Beer

Friedrich-Loeffler-Institute,
Greifswald, DE

Stephanie Stanelle-Bertram

HPI Leibniz Institute for Experimental
Virology, Hamburg, DE

Sandra Blome

Friedrich-Loeffler-Institute,
Greifswald, DE

Sandra Diederich

Friedrich-Loeffler-Institute,
Greifswald, DE

Felix Drexler

Charité, Berlin, DE

Gülsah Gabriel

HPI Leibniz Institute for Experimental
Virology, Hamburg, DE
University of Veterinary Medicine
Hannover, DE

Bart Haagmans

Erasmus MC, Rotterdam, NL

Sandra Junglen

Charité, Berlin, DE

Fabian Leendertz

Helmholtz-Institute for One Health,
Greifswald, DE

Albert Osterhaus

University of Veterinary Medicine
Hannover, DE

Volker Thiel

University of Bern, CH

Asisa Volz

University for Veterinary Medicine,
Hanover, DE

Paul Wichgers Schreur

Wageningen University and
Research, Wageningen, NL

Participation is free of charge!
